

2021-2022 SERVICES & OUTCOMES

259

total children enrolled. 187 children ages 3-5 and 72 children ages 0-3 in part-day or full-day programming.

81,615

nutritious meals and snacks served.

20%

of children were diagnosed with a special need. Additional referrals and monitoring occur to support inclusion.

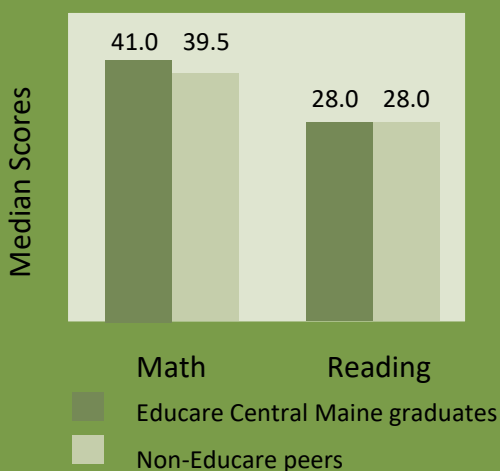

100%

of children attending Educare Central Maine for 3 years who have transitioned to kindergarten, meet or exceed benchmarks in social/emotional, physical, language, cognitive, literacy and math.

\$1 invested in early childhood yields up to a **\$16** return.

From research by Nobel Prize-winning economist James Heckman

Proven Results

Income-eligible Educare Central Maine graduates scored on par with their non-Educare peers in both math and reading at grade 3 showing a sustained advantage to an Educare education.
